photographyremembered.com Cookies Policy

We are Photography Remembered. This cookies policy applies to Photography Remembered's website at photographyremembered.com and all related websites, software, mobile apps, plug-ins and other services that we provide (together, the "Service").

To provide a great product experience and for certain functions, we use so-called cookies. Cookies are small text files that are stored on your device. You can find an overview of all cookies we use, their purpose, retention period and usage class below.

Any information that we collect through cookies will be used in accordance with our privacy policy. If you do not accept the use of these cookies, you can disable them by following the instructions under the heading "Cookie Settings" below.

What are cookies?

Cookies are small text files that uniquely identify your browser or device. The cookie file is stored on your browser. When you return to that website (or visit websites that use the same cookies) these websites recognize the cookies and your browsing device.

Cookies do many different jobs, like letting you navigate between pages efficiently, remembering your preferences, and generally improving your experience. Cookies can tell us, for example, whether you have visited our websites before.

Are there different types of cookies?

There are different types of cookies, including **first party cookies** (which are served directly by us to your computer or device) and **third party cookies** (which are served by a third party on our behalf). Third party cookies enable third party features or

functionality to be provided on or through the website (e.g. advertising, interactive content and analytics). The parties that set these third party cookies can recognize your computer both when it visits the website in question and also when it visits certain other websites.

The types and categories of cookies we use

Cookies enable a small amount of data to be stored on your device when you access websites and mobile applications on the internet. Cookies can be either:

- Session cookies - these expire when you close your browser and do not remain on your device; or
- Persistent cookies - these are stored in the longer-term on your device. They are normally used to make sure the site remembers your preferences.

The cookies that we use on the Website can be categorized as follows:

- "Strictly necessary" and "functional" cookies are used to support site navigation, search, login, live chat and shopping basket features;
- "Performance" cookies support performance analysis; and
- "Targeting or advertising" cookies help us personalize content and tailor advertisements for you.

What are cookies used for?

Cookies are used for different purposes.

- **Essential cookies** are needed to provide you with the website and to use some of its features, such as access to secure areas. Without these cookies, we would not be able to provide you with the website and services that you have asked for.
- **Functionality cookies** record information about choices you have made and allow us to provide relevant content and tailor our websites for you.
- **Performance cookies** help us to measure traffic and usage data and to analyze how our websites are used in order to provide you with a better user experience and maintain, operate and improve our services.
- **Targeting cookies** are used to make advertising messages more relevant to you. They perform functions like preventing the same advertisement from continuously reappearing, ensuring that advertisements are properly displayed and, in some cases, selecting advertisements that are based on your interests.

What cookies do we use?

We use first party and third party cookies for several reasons. The specific types of first and third party cookies served through our websites and the purposes they perform are described below. Please be aware that the cookies we use may depend on the features you are using and the device, browser or operating system you are using.

Strictly Necessary Cookies

These cookies are necessary for the website to function and cannot be switched off in our systems. They are usually only set in response to actions made by you which amount to a request for services, such as setting your privacy preferences, logging in or filling in forms. You can set your browser to block or alert you about these cookies, but some parts of the site will not then work. These cookies do not store any personally identifiable information. Support site navigation, search, login, live chat and shopping basket features.

Performance Cookies

These cookies allow us to count visits and traffic sources so we can measure and improve the performance of our site. They help us to know which pages are the most and least popular and see how visitors move around the site. All information these cookies collect is aggregated and therefore anonymous. If you do not allow these cookies we will not know when you have visited our site, and will not be able to monitor its performance.

Functional Cookies

These cookies enable the website to provide enhanced functionality and personalization. They may be set by us or by third party providers whose services we have added to our pages. If you do not allow these cookies then some or all of these services may not function properly.

Targeting Cookies

These cookies may be set through our site by our advertising partners. They may be used by those companies to build a profile of your interests and show you relevant adverts on other sites. They do not store directly personal information, but are based on uniquely identifying your browser and internet device. If you do not allow these cookies, you will experience less targeted advertising.

Targeted advertising

Third parties may serve cookies on your computer or mobile device to serve advertising through our Services. These companies may use information about your visits to this and other sites in order to provide relevant advertisements about goods and services that you may be interested in. They may also employ technology that is used to measure the effectiveness of advertisements. This can be accomplished by them using cookies or web beacons to collect information about your visits to this and other sites in order to provide relevant advertisements about goods and services of potential interest to you. The information collected through this process does not enable us or them to identify your name, contact details or other personally identifying details unless you choose to provide these.

Cookie settings

Some of these cookies are essential and we cannot provide our service to you without them, but there are others that can be turned off. Please note that turning off certain cookies will disable some of the features available to you through our websites. We cannot guarantee that your experience on our websites will be as good as it could otherwise be.

Browser settings

You can change your preferences by changing the settings in your browser. For more information on how to manage the most popular browsers, please see below:

- [Google Chrome](https://support.google.com/chrome/answer/95647?hl=en) (https://support.google.com/chrome/answer/95647?hl=en)
- [Internet Explorer](https://support.microsoft.com/en-us/help/17442/windows-internet-explorer-delete-manage-cookies) (https://support.microsoft.com/en-us/help/17442/windows-internet-explorer-delete-manage-cookies)
- [Firefox](https://support.mozilla.org/en-US/kb/cookies-information-websites-store-on-your-computer?) (https://support.mozilla.org/en-US/kb/cookies-information-websites-store-on-your-computer?)
- [Safari](https://support.apple.com/en-au/guide/safari/sfri11471/) (https://support.apple.com/en-au/guide/safari/sfri11471/)

If you want to change your settings at any time (for example, if you accept all cookies but later decide you do not want a certain type of cookie), you'll need to use your browser settings to remove any third party cookies dropped on your previous visit.

Actions strictly necessary for the functioning of the Service

This Website uses Cookies to save the User's session and to carry out other activities that are strictly essential for the work of this Website, for example in relation to the distribution of traffic.

Actions regarding the saving of preferences, optimization, and statistics

This Website uses Cookies to save browsing preferences and to optimize the User's browsing involvement. These are the Cookies used for the setting of language and currency choice or for the management of first party statistics employed directly by the Owner of the website.

- "Session" cookies are deleted from your device when you close your web browser.
- "Persistent" cookies will remain stored on your device until deleted or until they reach their expiration date.

Other types of Cookies or third parties that install Cookies

Some of the services listed below gather statistics in an anonymized and aggregated manner and may not require the User's agreement or may be managed directly by the Owner - depending on how they are described - without the help of third parties.

If any third party operated services are presented among the tools below, these may be used to track Users' browsing behaviors – in addition to the information specified herein and without the Owner's knowledge.

Third party cookies

In addition to managing cookies in your browser settings, you can also opt out of certain third party cookies. For example, we use Google Analytics to help us understand how users engage with our websites, compile reports and improve our services. The reports disclose website trends without identifying individual users. You can opt out of these cookies without affecting how you visit our websites.

For more information on Google Analytics, see here, and to opt out from being tracked by Google Analytics, see https://tools.google.com/dlpage/gaoptout.

Changes to this policy

We may update this policy from time to time to reflect our current practice and ensure compliance with applicable laws. When we post changes to this policy, we will revise the "Last Updated" date at the top of this policy. If we make any material changes to the way we use cookies, we will take appropriate measures to notify you. We recommend that you check this page from time to time to inform yourself of any changes.

How to contact us

If you have any questions, suggestions or concerns about our use of cookies or this cookies policy, please contact us use: Use contact form on website

Analytics

The services described in this fragment enable the Owner to discover and analyze web traffic and can be used to keep track of User habits on the website.

Facebook Ads conversion tracking (Facebook, Inc.)

Facebook Ads conversion tracking is an analytics system provided by Facebook, Inc. that links data from the Facebook advertising network with actions done on this Website.
